

# Wi-Fi Ceiling Tile Enclosure with Interchangeable Door for Aruba 515 APs

Ventev's Ceiling Tile Enclosure with Interchangeable Door provides an aesthetically pleasing and inconspicuous solution to deploy Aruba 515 indoor access points in a suspended grid tile ceiling. When upgrading your network or migrating to a new AP, this enclosure allows for a simple and economic transition by replacing only the door. *Every Ventev enclosure is covered by the company's two-year TerraNet warranty program.*

**For more information or to purchase, contact Ventev:** 800.851.4965 or [sales@ventev.com](mailto:sales@ventev.com).

## SPECIFICATIONS

**SKU:**

202138

**Product Number:**

V2-ID-CTEN-515

**Dimensions:**

23.75" x 23.75" x 4"

**Construction:**

Powder-coated 5052 aluminum

**Weight:**

4.5 lbs

## FEATURES AND BENEFITS

- Lightweight aluminum construction reduces strain on ceiling grid
- Minimal components allows for simple installation—no modification of existing ceiling tile grid required
- AP can be serviced without removing enclosure from ceiling tile grid
- Interchangeable door simplifies migration to new APs without changing the enclosure base
- Includes key lock for additional security and cord grip
- Integrated mounting tabs assist in securing enclosures to permanent fixture or structure

**Product Compliance:**

- Meets UL 2416-Audio/Video, Information and Communication Technology Equipment Cabinet, Enclosure & Rack Systems and CSA C22.2 NO. 60950-1-Safety of Information Technology Equipment
- OSHPD Certified
- Meets NEC300-22 and 300-23 standards & common building code requirements
- Enclosure back protects against dust and debris to assist in compliance with ICRA requirements
