

## Ceiling Tile Bracket for Cisco 2800i and 3800i Series APs

Ventev's robust Ceiling Tile Bracket is a simple, smart solution for mounting Cisco 2800i and 3800i access points in indoor environments with tile ceilings such as offices, classrooms and lecture halls, and industrial manufacturing facilities. The bracket secures the access point on the tile, and frames the front of the AP for an aesthetically pleasing finish that blends with the environment. *All Ventev mounts are covered by the company's two-year TerraNet warranty. For questions and to purchase product, contact Ventev: 800.851.4965 or sales@ventev.com.*

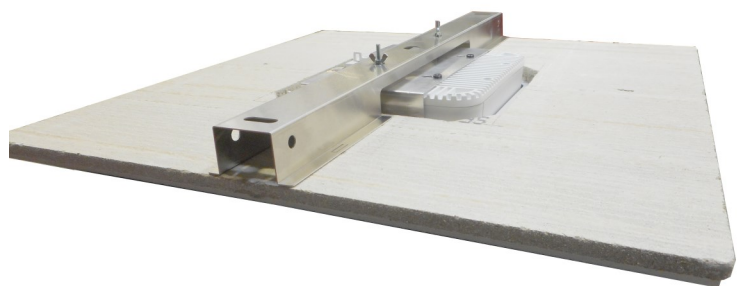

*Front –the frame of the Ceiling Tile Bracket surrounds access point face for an aesthetically pleasing finish.*

Specifications
