

Wi-Fi Hard Lid Enclosure with Interchangeable Door for the Aruba 335 Access Point

Ventev's Hard Lid Enclosure with Interchangeable Door provides an **aesthetically-pleasing** and inconspicuous solution to deploy Aruba indoor access points in a Hard Lid Ceiling. The enclosure is compatible with the Aruba 335 access point and is constructed of powder-coated aluminum. When upgrading your network or migrating to a new AP, this enclosure allows for a simple and economic transition by replacing the door only. Designed to meet NEC300-22 and 300-23 standards for installation in plenum/air-handling areas. Includes cord grip and key lock.

Every Ventev enclosure is covered by the company's two-year TerraNet warranty program. For questions or to purchase product, contact a Regional Sales Executive at 410-229-1201, 800-851-4965 or sales@ventev.com.

Keys included with enclosure

Hard Lid Enclosure for Aruba 335
Part #: ID-HCEN-335
SKU: 208441

Features

- Size: 18" x 18" x 2"
- Constructed of powder-coated aluminum
- Weight: 3.5 lbs
- Includes key lock for additional security
- Includes cord grip
- Meets NEC300-22 and 300-23 standards, making it safe for plenum/air handling installations
- Durable back box design

Benefits

- Lightweight enclosure reduces strain on ceiling grid to accommodate the increased weight of the AP
- **Aesthetic** design blends enclosure and bulkier AP seamlessly with existing Hard Lid ceiling
- Built-in security
- Designed to allow the AP to be serviced without removing enclosure from ceiling tile grid
- Minimal components allows for a simple installation
- Safe to deploy in plenum/air handling installations
- Enclosure back box protects against dust and debris to assist with compliance with ICRA requirements
- Interchangeable door simplifies migration to new APs without changing the enclosure base
