Wi-Fi Ceiling Tile Enclosure with Interchangeable Door
for the Meraki MR42 Access Point

Ventev's Ceiling Tile Enclosure with Interchangeable Door provides an **aesthetically-pleasing** and inconspicuous solution to deploy indoor access points in a suspended grid. The enclosure is compatible with the Meraki MR42 Access Point and fits into both standard or Tegular suspended ceilings. When upgrading your network or migrating to a new AP, this enclosure allows for a simple and economic transition by replacing the door only. The enclosure is constructed of powder-coated aluminum and is designed for 2' x 2' and 2' x 4' ceiling tile grids (T-Bar Strip included to accommodate 2' x 4' grids). Designed to meet NEC300-22 and 300-23 standards for installation in plenum/air-handling areas. Includes cord grip and key lock.

Every Ventev enclosure is covered by the company's two-year TerraNet warranty program. For questions or to purchase product, contact a Regional Sales Executive at 410-229-1201, 800-851-4965 or sales@ventev.com.

Keys included with enclosure

Ceiling Tile Enclosure with Interchangeable Door
Part #: V2-ID-CTEN-MR42
SKU: 237052

Features

- Size: 23.75" x 23.75" x 4"
- Constructed of powder-coated aluminum
- Weight: 4.5 lbs
- Includes key lock for additional security
- Includes cord grip
- Meets NEC300-22 and 300-23 standards
- Meets common building code requirements

Benefits

- Easily fits into any 2'x 2' or 2' x 4' ceiling tile grid
- Lightweight enclosure reduces strain on ceiling grid to accommodate the increased weight of the AP
- **Aesthetic**, sleek form factor design blends enclosure and bulkier AP seamlessly within existing ceiling tile grid
- Minimal components allows for simple installation—no modification of existing ceiling tile grid required*
- Designed to allow the AP to be serviced without removing enclosure from ceiling tile grid
- Built-in security
- Enclosure back box protects against dust and debris from above to assist in your compliance with ICRA requirements
- OSHPD Certified
- Safe to deploy in plenum/air handling installations
- Included integrated mounting tabs to assist in securing enclosures to permanent fixture or structure
- Interchangeable door simplifies migration to new APs without changing the enclosure base
