

UL50E Certified Wedge Enclosure

Ventev's rugged, NEMA 3 rated UL50E Certified Wedge Enclosure protects wireless equipment such as access points from harsh weather, tampering and impact. The compact wedge shape is ideally suited for inconspicuous, under the seat deployments in indoor or outdoor high-density environments such as stadiums or arenas.

Every Ventev enclosure is covered by the company's one-year TerraNet warranty program.

For more information or to purchase, contact Ventev: 800.851.4965 or sales@ventev.com.

SPECIFICATIONS

SKU: 278873

Product Number: VNV-US-WE

Model: VN180533

Dimensions: 12.75" X 11.2" X 6.5",
324 X 284 X 164 mm

Construction: Cover is polycarbonate. Mounting plate is powder-coated heavy gauge 5052 aluminum. Gore membrane vent installed.

Mounting: Under the seat against step risers using appropriate hardware (not included)

Weight: 6lbs.

COMPATIBLE APs

Cisco: 1852i, 2800/3800i, 9115i, 9117i, 9120i, 9130i

Aruba: 300 Series, 515, 535

Additional APs: most on the market

FEATURES AND BENEFITS

- Rugged polycarbonate enclosure is RF transparent, UV-resistant and paintable
- Protects AP from harsh environments, impact or tampering
- Protective Gore Vent installed to prevent condensation and enclosure from overheating
- Factory pre-assembled to significantly reduce deployment costs
- Mounts to a flat surface and provides an aesthetically pleasing deployment
- Lightweight and economical
- Internal aluminum mount fits Cisco, Aruba and most APs on the market
- UL-50E, Standard for Enclosures for Electrical Equipment

UL-50E Certificate # E518622
