

X-Large Wi-Fi Access Point Cover

Ventev's 12" x 12" x 4" Wi-Fi AP Cover with Universal T-Bar Mounting Plate is specifically designed for indoor use to protect many manufacturers' access points from damage caused by tampering or theft. The enclosure, made from polypropylene material, is durable, extremely affordable and is simple to install. The white cover prevents visual access to the AP in an aesthetically pleasing and secure solution. It is perfect for a variety of applications where a tamper-proof and aesthetically pleasing design is critical.
