

Raised Access Floor Antenna with Integrated 6 dBi Junction Box Antenna with 6 RPSMA Connectors

Ventev's Access Floor Box with Integrated 6 dBi Junction Box Antenna Wi-Fi Antenna embeds Ventev's proprietary antenna technology into the Atkore CII ASM High Capacity 2000 Access Floor Box. The Access Floor Box is typically deployed in raised-floor environments, such as data centers, offices, schools, libraries, museums and casinos, where aesthetics and an open environment matter. Deployed under a variety of fabrics and finishes, this access box will withstand normal office activities, including proper load bearing, with no performance degradation. *Every Ventev antenna is covered by the company's two-year warranty program.* **For more information or to purchase, contact Ventev: 800.851.4965 or sales@ventev.com.**
