

TerraWave PoE Powered Freezer Enclosure System is a plug-and-play solution engineered to enable the use of Cisco indoor APs in cold storage applications. Housed in a 12"x10"x6" NEMA 4X enclosure, this compact system includes a controlled heating element that keeps ambient temperature of the enclosure within manufacturer specified operating temperature. This system can include an integrated Omni antenna or an external Patch antenna, mounted separately. A single PoE line powers both the AP and the heating system.

Every TerraWave enclosure is covered by the company's two-year TerraNet warranty program. For questions and to purchase product, contact a Regional Sales Executive at 210-375-8482, 800-851-4965 or sales@terrawave.com.

Type of System	System w/o Integrated Omni Antenna	System with Integrated Omni Antenna	
System Includes			
Grey Polycarbonate Enclosure w/ Latch	✓	✓	
Predrilled Aluminum Back Plate	✓	✓	
RF Jumpers	✓	✓	
RF Surge Protectors	✓	✓	
PoE Power Surge Arrestor w/ Ethernet Cable	✓	✓	
Ground System w/ Ground Stud, Bar & Wires	✓	✓	
Heating Elements	✓	✓	
Integrated Omni Antenna		✓	

Features

- Compact, durable, weatherproof, NEMA 4X-rated enclosure, constructed of a high-quality polycarbonate plastic that is UV resistant, corrosion resistant and sustainable in broad temperature ranges
- Innovative heating system, powered by a single same PoE line that powers AP
- Plug-and-play system from the factory, integrating surge protectors, PoE surge arrestor, jumpers, pre-drilled backplate, ground system and an Omni antenna (optional)

Benefits

- Extend Wi-Fi into a cold storage application, reducing installation time and deployment costs by up to 30%
- Protect the AP from theft, tampering and impact with a secure, durable Polycarbonate enclosure
- Protect the AP from harsh environmental elements (cold, external formation of ice, dust, splashing water and hose directed water) with a NEMA-4X rated enclosure
- Eliminate the need for costly AC power deployment, midspan PoE injectors and the need for additional switch ports with a single line PoE-only powered solution
- Ensure aesthetically pleasing appearance with a compact fully-integrated solution

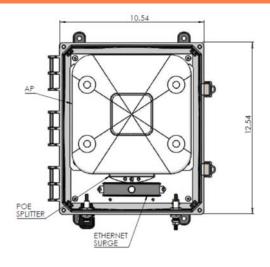

PoE Freezer Box Enclosure Specifications							
	2602e, 3502e, 3602e	2702e, 3702e, 2802e, 3802e					
Dimensions (W x L x H)	12" x 1	12" x 10" x 6"					
Enclosure Material	Polycar	Polycarbonate					
Color	Gr	Grey					
NEMA Rating	4X	4X					
Environmental Temp Range	-30° to 104° F (-34.44° to 40° C)	-22 to 104 F (-30 to 40 C)					
Heating	12 VDC, 15 Watt (heat)	4 Watt (heat)					
	On: 37.94° F (3.3° C) , Off: 53° F (11.67° C)	On: 40° F , Off: 55° F					
Lightning Arrestors	Range: DC 0-6 GHz	N/A					
	Impulse: 20 KA (Wave 8/20 μ)	N/A					
	Discharge Current: 10 KA						
PoE Surge Suppression	Peak Pulse: 100 A						
	(10/1000 μ)						
Input Power	15.5W PoE	25.5W PoE					
RF Connections	RPT	RPTNC					
Weight	14	14 lbs					
Warranty	Manufacturer's warranty on comp	Manufacturer's warranty on components. 1 year on workmanship.

System for External Antenna

System w/ Integrated Omni Antenna

Recommended Accessories

- Wall mount kit SKU 363287
- Pole mount kit SKU 303580
- MIMO Patch Antenna w/ Articulating Mount SKU 349502
- High Gain, Point-to-Point Antenna SKU 572251

TerraWave's enclosures have been evaluated for compliance with the Reduction of Hazardous Substances (RoHS) Directive 2002/95 and have been determined to not contain substances in excess of RoHS Maximum Concentration Levels.

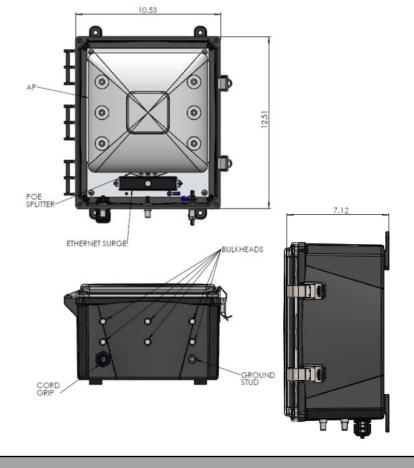

In addition to enclosures for wireless deployments, TerraWave can design custom enclosures for any application including IP cameras, switches, routers and more.
