

Bevel Wi-Fi Ceiling Tile Enclosure with Interchangeable Door

Ventev's Bevel Ceiling Tile Enclosure with Interchangeable Door provides an aesthetically pleasing and inconspicuous solution for deploying access points in a suspended ceiling tile grid. When upgrading your network or migrating to a new AP, this enclosure allows for a simple and economic transition by replacing only the door. *Every Ventev enclosure is covered by the company's two-year TerraNet warranty program.*

For more information or to purchase, contact Ventev: 800.851.4965 or sales@ventev.com.

SPECIFICATIONS

Dimensions:

23.75" x 23.75" x 4"

Construction:

Powder-coated 5052 aluminum

Weight:

4.5 lbs

FEATURES AND BENEFITS

- Lightweight enclosure reduces strain on ceiling grid
- Minimal components allows for simple installation—no modification of existing ceiling tile grid required
- AP can be serviced without removing enclosure from ceiling tile grid
- Interchangeable door simplifies migration to new APs without changing the enclosure base
- Includes key lock for additional security and cord grip

Product Compliance:

- Meets UL 2416-Audio/Video, Information and Communication Technology Equipment Cabinet, Enclosure & Rack Systems and CSA C22.2 NO. 60950-1-Safety of Information Technology Equipment, NEC300-22 and 300-23 standards & common building code requirements.
- Protects against dust and debris to assist in compliance with ICRA requirements
- OSHPD Certified
