indoor solutions

Meet the challenge of high-performance, aesthetically pleasing wireless with Ventev.

Wireless networks are evolving quickly. Providing coverage and capacity is required, even in high density user areas. Ensure high-performance connectivity with Ventev's innovative Wi-Fi, LTE, and CBRS product solutions.

Ventev offers a complete line of aesthetically pleasing antennas, indoor and outdoor enclosures, and mounts for easy installation of wireless networks in indoor and outdoor environments.

- Office Spaces
- Open Spaces
- Lobbies
- Outdoor Common Areas
- Parking Lots and Garages

Junction Box Wi-Fi Antenna

Wi-Fi antenna with articulation inside an electrical junction box provides concealed connectivity. Mounts in walls or hard cap ceilings.

Mini Omni Ceiling Antenna

Allows you to deploy the AP above the ceiling.

5 GHz 7dBi Pico Patch Antenna

Delivers outstanding Wi-Fi performance in a small package.

Raised Access Floor Wi-Fi Antenna

Embedded Wi-Fi antenna inside a floor panel installs under carpet or flooring with no performance degradation.

Ceiling Tile Enclosure Lightweight, powder-coated aluminum enclosure conceals and protects access points in suspended ceilings. Meets NEC300-22 and 300-23 for installation in plenum/air-handling areas.

Flush Mount Ceiling Enclosure

Conceals the access point in a hard cap ceiling.

Access Point Cover RF transparent covers hide and protect the access point.

Ceiling Tile Bracket Simple, low-cost solution for mounting APs in ceiling tile.

Right Angle Wall Bracket with AP Cover

Mount AP horizontally on the wall for optimum performance. AP cover provides maximum protection from tampering without RF interference.

outdoor solutions

Outdoor Lighting Antennas

Transform outdoor lighting into a Wi-Fi hotspot with omni antennas that fit inside a light globe or on top of a light pole.

Paintable NEMA Enclosures

Protect and secure valuable equipment with rugged NEMA enclosures.

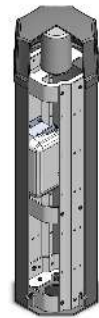

Micro Patch Wi-Fi Antenna

At half the size of traditional antennas, the Micro Patch Antenna ensures inconspicuous Wi-Fi.

Outdoor Wireless Bollard

Enables concealed wireless in outdoor environments. Offers ample interior mounting surface. Choose tapered or octagonal cap.

PoE Powered NEMA Enclosures

Take indoor Wi-Fi outdoors, even in harsh environments with PoE-powered enclosures. Available heated and / or cooled.

Wi-Fi Antenna Kit

Sturdy, paintable AP cover conceals and protects Micro Patch Antenna with low profile articulating mount.

Mini Outdoor Wireless Bollard

Compact, paintable Mini Bollard enables seamless Wi-Fi in outdoor seating areas, courtyards, along walkways, and across campuses, without disrupting environmental aesthetics.

CBRS Outdoor Antennas

Choose from a range of outdoor CBRS antennas with high, medium, and low gains for outdoor and high density environments.

Small Form Factor Omni Antenna

Outstanding Wi-Fi performance at half the size of traditional omni antennas.

why choose ventev?

- Industry-leading product lines provide a comprehensive ecosystem of wireless products.
- Products for every major radio/AP covering Wi-Fi, CBRS, LTE, SCADA and Two-Way
- Easy-to-install solutions
- Pre-configured, fully-integrated solutions
- Large inventory of products
- Sales and Customer Support with exceptional product and industry knowledge
