

The Ventev logo is located in the top left corner of the image. It consists of the word "ventev" in a lowercase, orange, sans-serif font. A thin orange diagonal line extends from the top left corner of the image towards the logo.

ventev®

PRODUCTS & SOLUTIONS FOR
Government Wireless Networks

Deploying and maintaining reliable, high-performing wireless networks is missioncritical for our government and selecting the right partner to work with is paramount. Choose Ventev to help you navigate any project from start to finish and ensure high performance connectivity where you need it most.

Ventev offers a complete line of GSA-approved, aesthetically pleasing antennas, enclosures, and mounts for easy installation of wireless networks in indoor and outdoor environments, including:

- Office Spaces
- Open Spaces
- Lobbies
- Outdoor Common Areas
- Parking Lots & Garages
- And More!

SOLUTIONS
Indoor Environments

Junction Box Wi-Fi Antenna

Wi-Fi antenna with articulation inside an electrical junction box for concealed connectivity. Mounts in walls or hard cap ceilings.

Right Angle Wall Bracket with Cover

Access point mounts horizontally on wall for optimum performance. Cover provides maximum protection without RF interference.

Raised Access Floor Wi-Fi Antenna

Embedded Wi-Fi antenna inside a floor panel (under carpet/flooring) with no performance degradation.

Flush Mount Ceiling Enclosure

Conceals access point in a hard cap ceiling.

Ceiling Tile Enclosure

Lightweight, powder-coated aluminum enclosure conceals and protects access points in suspended ceilings. Meets NEC300-22 and 300-23 for installation in plenum/air-handling areas.

Mini Omni Ceiling Antennna

Deploy access point above the ceiling.

5 GHz 7dBi Pico Patch Antenna

Delivers outstanding Wi-Fi performance in a small package.

Access Point Cover

RF-transparent covers hide and protect the access point.

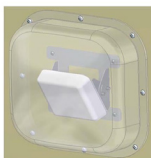

T-Bar Bracket

Allows Aruba 500 series access points to be clipped to suspended ceiling tiles.

SOLUTIONS
Outdoor Environments

Wi-Fi Antenna Kit

Sturdy, paintable AP cover concealsand protects Micro Patch Antenna with low profile articulating mount.

Micro Patch Wi-Fi Antenna

Less than 3.5 inches and one-third the size of traditional antennas, ensures inconspicuous Wi-Fi indoors or out. Includes articulating mount.

Outdoor Lighting Antennas

Outdoor lighting becomes a Wi-Fi hotspot. Omni antennas fit inside a light globe or on top of a light pole.

Mini Outdoor Wireless Bollard

Compact, paintable, and aesthetically pleasing. Enables seamless Wi-Fi in outdoor seating areas, courtyards, walkways, and campuses.

Outdoor Wireless Bollard

Concealed wireless in outdoor environments with ample interior mounting surface. Choose tapered or octagonal cap.

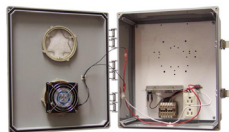

CBRS Outdoor Antennas

Choose from a range of outdoor CBRS antennas with high, medium, and low gains for outdoor and high density environments.

Paintable NEMA Enclosures

Protect and secure valuable equipment with rugged NEMA enclosures.

PoE Powered NEMA Enclosures

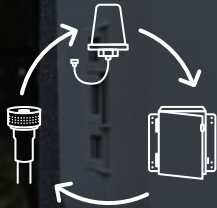

Take indoor Wi-Fi outdoors, even in harsh environments with PoE- powered enclosures. Available heated and/or cooled.

Integrated Power Systems

Ensure your network is reliable, even in remote locations. Choose fully integrated systems with the radio to save time and reduce deployment errors.

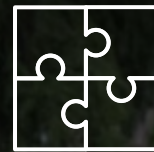

WHY CHOOSE **ventev**[®]

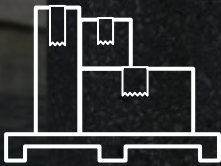

Industry-leading product lines that provide a comprehensive ecosystem of wireless products

Products for every major radio/AP covering Wi-Fi, DAS, CBRS, LTE, SCADA, & two-way

Easy-to-install & Pre-configured, fully integrated solutions

Large inventory of products, ready to ship

Professional product training & educational materials

Customer support with exceptional product and industry knowledge

After you choose the radio

choose **ventev**[®]
