

# 2.4/5 GHz 4/7 dBi Wi-Fi Omnidirectional Antenna

with 1 N Male Connector

ventev®

Connect, Protect, and Enable™

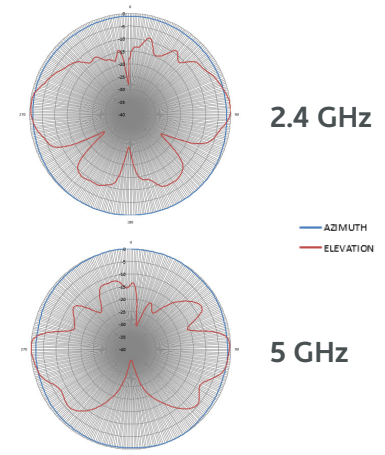

Ventev's dual band fiberglass antenna is designed to operate with any manufacturer's access point that utilizes N Male connectors. This antenna operates in the 2.4 and 5 GHz frequency with a gain of 4 and 7 dBi respectively. The antenna includes a direct N Male connector and supports demanding wireless applications. .

## Specifications

|                           |                        |
|---------------------------|------------------------|
| SKU                       | 222152                 |
| Manufacturer Part Number  | M7040070010007G        |
| Operating Frequency Range | 2.4/5 GHz              |
| Gain                      | 4/7 dBi                |
| Polarization              | Vertical               |
| Vertical Beamwidth        | 30°/18°                |
| Horizontal Beamwidth      | 360°                   |
| VSWR                      | ≤2.0                   |
| Nominal Impedance         | 50 Ohms                |
| Max Input Power           | 50 W                   |
| Number of Ports           | 1                      |
| RF Connector              | N Male                 |
| Application               | Indoor/Outdoor         |
| Operating Temperature     | -40° to 158° F         |
| Dimensions                | 1.25 x 11 in           |
| Weight                    | 0.20 lb                |
| Bandwidth                 | 100/725 MHz            |
| Mounting Style            | Direct to Access Point |
