

High Strength Universal Articulating Mount and mounting bracket

Ventev's High Strength Universal Articulating Mount and mounting bracket offer a rugged installation solution for Cisco outdoor access points (APs). These APs include the 9124, the 1562, and the 1572. The stainless steel mount and accompanying stainless steel mounting hardware create a strong, reliable mounting platform. The mount articulates horizontally and vertically for extremely flexible mounting positions.

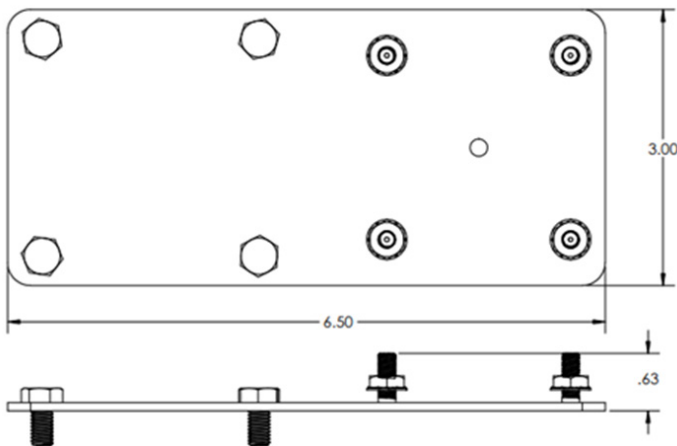

Specifications

Dimensions	6.50 x 3.25 x 4.75 in
Weight	2.50 lbs.
Material	Stainless Steel
