

FAKRA Female Pigtail Jumper Service

ventev®

Connect, Protect, and Enable™

Ventev FAKRA Female Pigtail Jumpers using TWS 195 Series Cable. The Ventev FAKRA 1.5 and 10 feet pigtails can be used to create custom jumpers that allow the user to connect their existing antennas to FAKRA based modems or radios. The RF connector of choice can be terminated to the open end of the pigtail extending the life of the existing antenna. The unsealed FAKRA connectors are compatible to USCAR requirements, RoHS compliant and have RF performance up to 6 GHz.

Available Models

Description	MFG Part #	SKU	Code
1.5 ft. Female C Pigtail, Blue	V195FKIF-X-1.5FT	294427	C
10 ft. Female C Pigtail, Blue	V195FKCF-X-10FT	212629	C
1.5 ft. Female D Pigtail, Purple	V195FKDF-X-1.5FT	223310	D
10 ft. Female D Pigtail, Purple	V195FKDF-X-10FT	216014	D
1.5 ft. Female I Pigtail, Tan	V195FKCF-X-1.5FT	261304	I
10 ft. Female I Pigtail, Tan	V195FKIF-X-10FT	266580	I

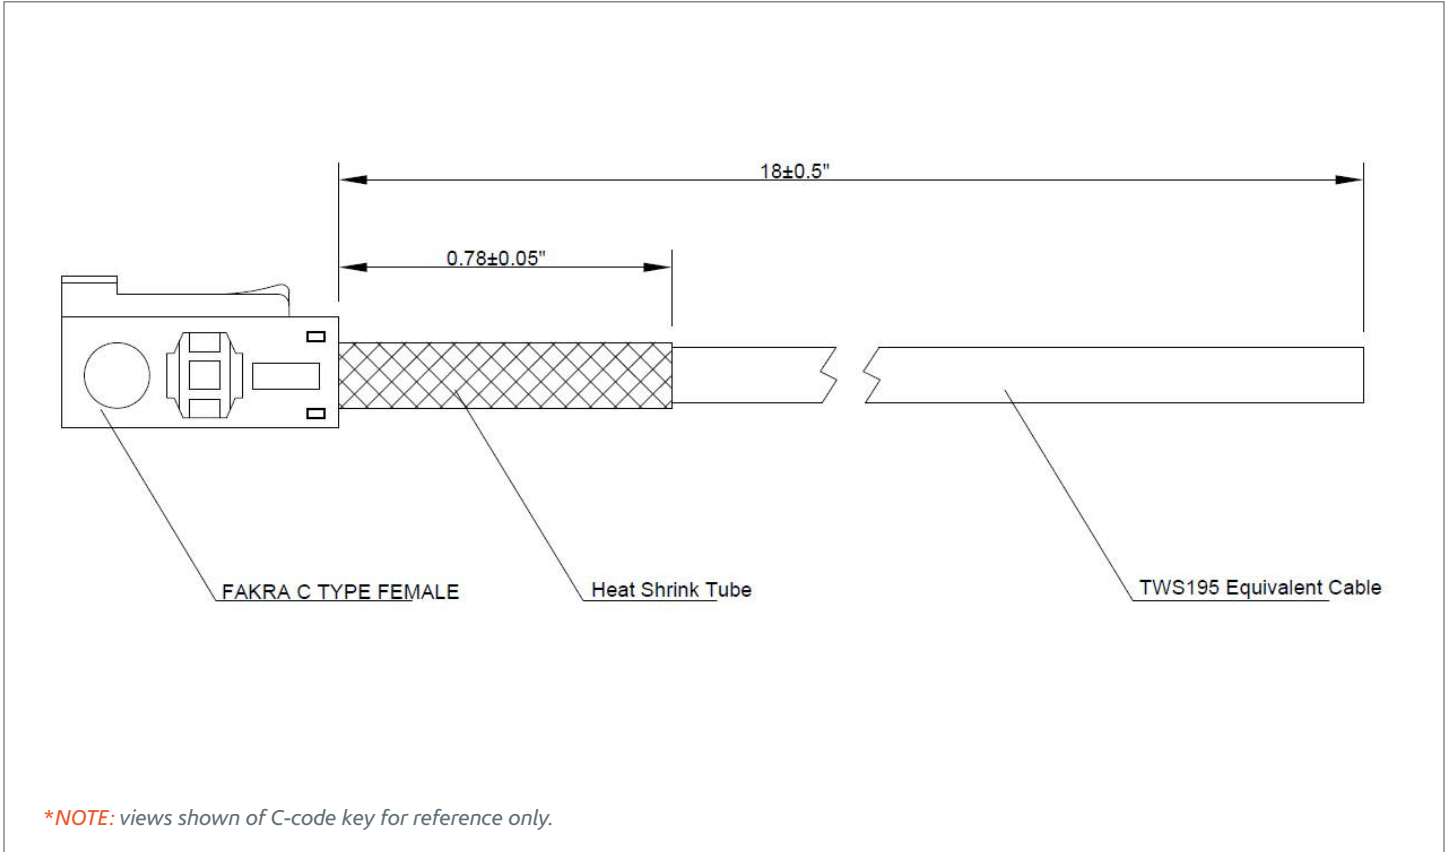

Specifications

Operating Frequency Range	DC-6000 MHz
Withstanding Voltage	≥1000
Insulation Resistance	1000 M Ohms
Nominal Impedance	50 Ohms
Durability	≥500 cycles
Operating Temperature	-40° to 185°F
Humidity	5-95%

All product specifications are subject to change without notice or obligation.

Dimensions

Material Specifications

Plastic Shell	PA66+30%GF
Body	Nickel Plated Brass
Center Pin	Gold Plated Brass
Ferrule	Nickel Plated Brass
Insulator	PTFE
Cable Type/Color	Black TWS195 Equivalent
