

Battery Rack Power System

12V 800Ah

ventev®

Connect, Protect, and Enable™

Ventev's Power Solutions are engineered to enable the extension of two-way wireless networks. These power systems ensure the repeater continues to seamlessly transmit/receive critical information even when AC power has failed. The systems are plug-and-play; designed with compatible charging systems and arrive pre-wired for fast and clean installation. Repeaters sold separately.

Includes 19 inch rack with battery shelving, distribution circuit panel and battery cable kit.

Specifications

SKU	578887
Manufacturer Part Number	RP12S-8-1948-M T8400
System Code	C
System Capacity	12V 800Ah

Low Power Battery Capacity Required in Ah at 25°C

Number of Repeaters*	Desired Back-up Time			
	8 hours	12 hours	24 hours	48 hours
1	A	A	B	C
2	A	B	C	X
3	B	B	C	X
4	B	C	X	X
5	B	C	X	X

*Repeaters sold separately

System Highlights

- Designed to support popular repeaters
- 8-48 hours of dependable back-up power
- Robust charging system provides fast, full recharge
- Hot Swap redundant design
- Fully assembled and pre-wired
- Telco grade batteries mean years of reliable service

All product specifications are subject to change without notice or obligation.
