

# 2.4/5 GHz 10/11 dBi Wi-Fi Panel Antenna

with 4 N Female Connectors

ventev®

Connect, Protect, and Enable™

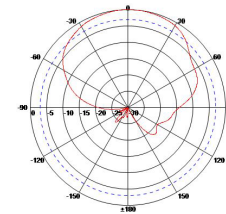

Ventev's 2.4/5 GHz 10/11 dBi Panel Antenna is designed for any wireless networks operating in the 2.4 GHz and 5 GHz frequency range. The antenna is dual-polarized and can be used in various configurations such as stand-alone, integrated or as an internal component

## Specifications

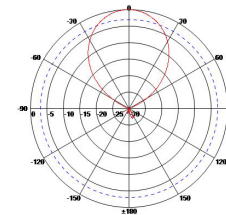

SKU	572251
Manufacturer Part Number	M6100110MP1D0006
Operating Frequency Range	2.4/5 GHz
Gain	10/11 dBi
Polarization	Vertical/Horizontal
Vertical Beamwidth	41°/20°
Horizontal Beamwidth	82°/32°
VSWR	≤ 1.8
Nominal Impedance	50 Ohms
Max Input Power	20 W
Number of Ports	4
RF Connector	N Female
Environment	Indoor/Outdoor
Operating Temperature	-40° to 140° F
Dimensions	10.3 x 10.3 x 1.4 in
Weight	4.40 lbs.
Front to Back Ratio	≥ 25 dB
Bandwidth	100/700 MHz
Mast Mount Diameter	1.57-1.97 in
Isolation	≥ 30 dB
